I have an officer on duty. Fifteen small tanks have reported and are being used to assist in the woods in our front. The machine guns are somewhat disorganized, as far as I can find out have no machine gun officers with me. So far as unable to locate them, am taking steps to have them reorganized. Also am endeavoring to have them reorganized. Also am endeavoring to have them reorganized with both regiments on my left. I think their P.C.'s are in this vicinity. Reports will be rendered as advances progress.
